

BRITISH CABINET IS JOLTED AGAIN

Defeat in House of Commons Follows Setback in Lords Yesterday

BEATEN ON INSURANCE BILL

By the Associated Press London, June 22.—The Government was defeated on a financial amendment to the National Health Insurance bill in grand committee of the House of Commons today.

The Government was defeated yesterday in the House of Lords on its Palestine mandate policy. By a vote of 20 to 12 the House declared for a postponement of the Palestine mandate in order to bring it into relation with the Government's pledges to the people of Palestine.

The motion for a postponement, made by Lord Islington, was carried after a strong speech in defense of the Government's position by the Earl of Balfour.

President Facing Fight With Labor

Continued from Page One the attacks upon the Supreme Court. They have occurred at frequent intervals in the history of the country and have never resulted in any limitation upon the jurisdiction of the court.

Unions May Go Into Politics

If the situation which now threatens develops, both parties will be bidding for the support of labor in 1924, and a child-labor amendment to the constitution will be the least that will be offered.

Field Marshal Wilson Is Slain

Continued from Page One Journal of the House as a mark of mourning. A few months ago Field Marshal Wilson accepted an appointment as military adviser to the Ulster Government.

BEATEN BY TRUCKMEN

LABOR WOULD CURB POWER OF COURTS

Program Proposing Four Constitutional Amendments Is Adopted by Big Vote

ELECTION TO BE TOMORROW

Cincinnati, June 22.—By an overwhelming vote the American Federation of Labor convention today adopted a program centering around four proposed constitutional amendments, repeal of the Sherman Anti-Trust law and other legislation, as the means for curbing the courts on account of decisions adverse to labor. The program was drafted by a special Policy Committee and accepted without change by the convention.

The election of officers of the Federation was set for tomorrow morning, and at that time the seat for next year's convention also will be selected. Houston, Tex., and Atlantic City, N. J., are the only cities that have submitted invitations for the convention, which will be held in October, 1923.

The legislation asked of Congress was described during the discussion as necessary because several years at least would be required to conduct the campaign for the four constitutional amendments. These amendments are a congressional veto of Supreme Court decisions, the guarantee to labor of the right to organize to bargain collectively and to strike, the prohibition of child labor and adoption of an easier method than the present for changing the Federal Constitution.

In reporting its program for curbing the courts, the Special Policy Committee declared that the Supreme Court in particular had "undertaken to deprive American labor of fundamental rights and liberties," and it asserted that a series of such decisions formed "a link in a chain consciously designed to enslave the workers of America."

Six decisions of the court in the last five years were reviewed to support the contention of the committee, which added that the "despotic exercise of an usurped power by nine men, or a bare majority of them, over the lives and liberties of millions of men, women and children is intolerable."

Camden to Have Business Parade The Kaighn Avenue Business Men's Association, of Camden, will celebrate its first anniversary tonight with a street parade. There are 300 members of the association and most of them will have some kind of a float in the parade which will start at 8 o'clock at Second street and Kaighn avenue.

When third-class mail is thrown away

Nearly everything that goes through the mails is destroyed sooner or later.

With Third-Class Mail, which is the class in which Direct-by-Mail Advertising usually falls, the important questions are:

Is it thrown away the minute it is received? Is it thrown away the day it is received? Is there an impulse to keep it for a while?

Printed matter that looks interesting is not thrown away until an effort has been made to read it.

If it is interesting, it will be read. If it is worth while, it will be remembered and maybe acted upon.

Getting your printing to look interesting insures its life for the dangerous period of the first few seconds of observation.

This is accomplished by better printing, and better printing is possible only where better paper is used.

better paper better printing. "Making it Easy to Plan Printing" is the title of a series of books on better direct advertising which printers and advertisers can secure on application to distributors of Warren's Standard Printing Papers.
